

Gretna Green Weddings by BK Photography

Your Day

Thank you for getting in touch. My name is Brian Konstantinou, and I am BK Photography.

As a full-time professional photographer, I feel fortunate to have witnessed and captured many weddings over the years in Gretna Green.

My approach to photographing weddings is always the same.
I pride myself on creating both creative and natural photos that will last forever.
If this is something you think will help you enjoy your wedding day, I would love to hear more.

Your Photographs

From my years of experience, I find a mixture of candid and formal styles of photography is best for weddings.

All images come fully edited in both colour and black & white.

After they're ready, you'll receive them through a password protected online gallery.

Once you download your gallery, you can share and print without any restrictions for one year.

We can discuss your plans with an online video chat at your convenience.
